Databases, search engines and citation search
Identification
Records identified (n = 20,442):
PubMed (n = 575)
Europe PMC (n = 589)
OpenAlex (n = 6,100)
OpenAlex, non−English queries (n = 977)
Semantic Scholar (n = 4,106)
Crossref (n = 1,811)
Citation search of Tran et al. (2024) (n = 408)
DataCite (n = 2,110)
OpenAIRE (n = 3,766)
Records removed before screening:
Duplicate records (n = 11,840)
Removed by automation tools (n = 874):
non−study records and commercial deposits
Screening
Records screened
(n = 7,728)
Records excluded
(n = 5,904)
Reports sought for retrieval
(n = 1,824)
Reports not retrieved (n = 1,338):
no open−access full text (n = 1,336)
retrieved file was another work (n = 2)
Reports assessed for eligibility
(n = 486)
Reports excluded (n = 430):
No problem−gambling instrument (n = 144)
No estimate for sports bettors (n = 123)
Design (review, commentary, policy,
qualitative) (n = 71)
No count or proportion with n (n = 51)
Recruited for gambling problems (n = 25)
Duplicate report of a sample (n = 8)
Operator account data only (n = 7)
Cut−off from the sample's distribution (n = 1)
Included
Studies included in review (n = 53)
Reports of included studies (n = 56)
Independent samples of sports bettors (n = 55)
Samples in the meta−analyses (n = 46)
